I am a passionate programmer and love to learn new things. Experimenting with newest techs is one of my favourite pastimes. Have been involved in developing softwares for different platforms like mobile, desktop and web- nearly around 5 years now. My goal is to be a part of a team that works on a solution that eradicates at least one problem effectively for millions of lives.

PROGRAMMING SKILLS

Java - ObjectiveC - C/C++ - Python - Javascript

PLATFORMS & DEVELOPMENT PRACTICES

AngularJS - DJango - Flask - Android - iOS - SOA - OOP - Git
